PROFILE & EXECUTIVE SUMMARY

Architecture • Team Leadership • Cloud SaaS • AI

Full-stack engineer, technical architect, and technology executive with 12+ years of experience leading engineering teams and building enterprise web, mobile, and cloud platforms. Proven track record leading software solutions across international markets including the US, Sweden, Spain, Portugal, and Latvia, including serving as Technical Lead at Virtusa on PayCor (US SaaS payroll platform) managing an agile team of five. Deep Microsoft-certified .NET and Azure background covering ASP.NET Core, MVC, microservices, Docker, CI/CD, and TDD, paired with production React.js, Angular, and cross-platform mobile delivery. Currently Chief Technology Officer (CTO) of Zonova Tech—where the flagship platform won three national and global awards in 2026—and Technical Expert for the UNEP Copenhagen Climate Centre supporting Sri Lanka's Paris Agreement commitments. Holds a BSc in Computer Science & Engineering from University of Moratuwa.

PROFESSIONAL EXPERIENCE

2013 – Present

Chief Technology Officer (CTO) • Zonova Tech (Zonova Pvt Ltd) — Mar 2025 – Present | Kurunegala / Colombo

- Direct technology roadmap, systems architecture, engineering recruitment, and delivery governance across six ventures spanning software, commerce, and hospitality.
- Co-architected and shipped **zonova.lk**, a multi-vendor AI e-commerce marketplace unifying four verticals (flowers, cakes, clothing, gifts) under one checkout, cart, vendor portals, Gemini AI design studio, and Capacitor Android companion app.
- Platform won three major awards in 2026: **Best Gifting Website** (Global Excellence Awards), **Best Micro Enterprise Website (Gold)**, and **Most Popular Micro Enterprise Website** at BestWeb.lk 2026 (LK Domain Registry).
- Engineered and launched **Rooms Hub** (accommodation & property management platform) and corporate digital tools.

Technical Expert (SISEPUEDE) • UNEP Copenhagen Climate Centre (UNEP-CCC) — Feb 2026 – Present | Colombo (Contract)

- Contributor to the Integrated Assessment for Article 6 (IAA6) programme, supporting Sri Lanka's climate commitments, Nationally Determined Contributions (NDCs), and Net-Zero carbon emissions pathways under the Paris Agreement.
- Develop and maintain computational code for the SISEPUEDE integrated assessment modelling framework; prepare datasets and run transformation scenarios.

Technical Lead • Virtusa (Pvt) Ltd — Apr 2024 – Mar 2025 | Colombo, Sri Lanka

- Led a team of five software engineers delivering **PayCor** (paycor.com), an enterprise US cloud payroll and HR finance SaaS platform.
- Owned technical architecture, code reviews, sprint delivery, and US stakeholder alignment across ASP.NET Core APIs, React, Redux, Azure, Docker, and TDD.
- Leveraged Microsoft-certified Azure DevOps Services to streamline CI/CD pipelines and enforce automated testing.

Senior Software Engineer • Creative Software — Mar 2021 – Mar 2024 | Colombo, Sri Lanka

- Delivered core microservices into **WINT** (wint.se), Sweden's leading cloud automated accounting and finance platform.
- Collaborated daily with Stockholm product teams on architecture, Azure Service Bus messaging, Docker containers, React.js UI, and Xamarin mobile app.
- Enforced strict Test-Driven Development (TDD) with mandatory unit test coverage for every story and mentored junior developers.

PROFESSIONAL EXPERIENCE (CONTINUED)

2013 – 2021

Technical Lead / Associate Tech Lead / SSE • QualitApps Europe — **Feb 2018 – Feb 2021 | Colombo / Spain**

- Promoted from Senior Software Engineer (Feb 2018) to Associate Tech Lead (Jan 2019) and Technical Lead (Jan 2020), steering delivery across Spain, Portugal, and Latvia.
- Built CI/CD pipelines in Azure DevOps and integrated SonarQube static analysis, tailoring rules with DevOps engineers to raise code quality benchmarks.
- Delivered **GesDoc** featuring a customized WebGL / Three.js 3D medical visualizer for doctors, and **Ortomed** dental diagnosis workflow manager.
- Co-architected **Motelink** hotel management app with Azure IoT Hub integration for real-time control of smart doors, lighting, and environmental sensors.
- Guided team to deliver **Geminys4** for Metro Madrid one month ahead of scheduled deadline using ASP.NET MVC and SQL Server.

Senior Software Engineer & Mobile Lead • Creo360 / Navotar Software — **Nov 2013 – Feb 2018 | Colombo, Sri Lanka**

- Conceived and led development of **Navotar Mobile** (Apache Cordova, AngularJS, ASP.NET Web API), helping onboard enterprise clients like Grab Taxi.
- Architected secure Web API layers with OWIN OAuth, repository pattern, and SQL Server for global fleet rental systems.
- Progressed from Software Engineering Trainee (2013) and Part-Time Engineer (2014) to Senior Software Engineer (2015) upon graduation.

EDUCATION & ACADEMIC QUALIFICATIONS

Conferred Degrees, Diplomas & Continuing Studies

Qualification / Degree	Institution	Grade / Key Details	Period / Date
BSc in Computer Science & Engineering	University of Moratuwa, Sri Lanka	GPA: 2.9 (Pass) • Reg: 100006B • Football, CSE Art Club	Sep 2010 – Apr 2015
Executive Diploma in Business Communication	Athena Global Education / UniAthena	Level 5 • Grade: 90/100 • ID: 1755-7293-3361 (FEDE)	Completed Apr 2026
Diploma in Applied Generative AI	Alison	Grade: 97% • LLM Prompts, Agent Pipelines, Tooling	Completed Oct 2026
Diploma in Operations Management	Alison	Grade: 90% • Verification: alison.com/verify/c71fd198b9	Completed Apr 2026
Diploma in Photography (Merit Pass)	University of Kelaniya, Sri Lanka	Merit Pass • Student ID: PHG/2017/027 • Web Team Lead	Dec 2017 – Dec 2018
G.C.E. Advanced Level (Mathematics)	St. Anne's College, Kurunegala	Z-Score: 2.1364 • Island Rank: 469 (State Univ Eng Admission)	2006 – 2008 / 2009
MSc in Information Security (In Progress)	Asia e University	InfoSec Governance, Cybersecurity, Data Governance, IT Audit	Mar 2026 – Present
Master of Business Administration (In Progress)	PSBU International	General Studies • Business Strategy, Corporate Planning	Feb 2026 – Present

PROFESSIONAL CERTIFICATIONS

- **Google AI Essentials Specialization** • Google / Coursera (Oct 2026, ID: Mv5XDK18GB)
- **GICAST Cyber Training** • The Open University (Oct 2026)
- **Python for Data Science, AI & Dev** • IBM (Jun 2024)
- **Responsible AI with Google Cloud** • Google (Mar 2024)
- **Microsoft Certified: Azure Fundamentals** • Microsoft (Jul 2021)
- **Succeeding in Postgraduate Study** • The Open University (Oct 2026)

HONORS, AWARDS & ACCREDITATIONS

- **Best Gifting Website** • Global Excellence Awards (Oct 2026)
- **Best Micro Enterprise Website (Gold)** • BestWeb.lk 2026 (Aug 2026)
- **Most Popular Micro Website** • BestWeb.lk 2026 Public Vote (Aug 2026)
- **Associate Member (AM-21837)** • Institution of Engineers, Sri Lanka (IESL)
- **Volunteer Staff** • Rotary Club of Colombo Tech City (2021–2024)

SELECTED ENTERPRISE & FLAGSHIP SYSTEMS PORTFOLIO

Detailed Technical Architecture

1. Zonova Marketplace & Ecosystem (zonova.lk) — Apr 2025 – Present | CTO & Chief Architect

- Multi-vendor AI e-commerce marketplace unifying cakes, flowers, clothing, and gifts with single cart, unified checkout, vendor dashboards, passkey authentication, and Capacitor Android mobile companion.
- Integrated Google Gemini API for an interactive generative AI design studio allowing customers to craft custom bespoke products.
- **Tech Stack:** React, TypeScript, Firebase, Cloud Firestore, Google Gemini API, Capacitor, Cloudflare. Triple 2026 Award Winner.

2. PayCor Enterprise SaaS (paycor.com) — Apr 2024 – Mar 2025 | Technical Lead

- Flagship enterprise US cloud payroll and HR financial platform serving tens of thousands of corporate clients. Led agile team of five engineers.
- **Tech Stack:** ASP.NET Core, React, Redux, Microsoft Azure, Docker, Microservices, SQL Server, Test-Driven Development (TDD).

3. WINT Financial & Accounting Platform (wint.se) — Mar 2021 – Mar 2024 | Senior Software Engineer

- Sweden's premier automated accounting engine. Engineered real-time microservices with Azure Service Bus messaging, Docker containerization, React.js frontend, and Xamarin mobile components with mandatory unit test coverage.
- **Tech Stack:** .NET Core, Azure Service Bus, Docker, React.js, Xamarin, Microservices, SQL Server, TDD.

4. GesDoc Medical File Manager (gesdoc.utad.pt) — Apr 2019 – Nov 2019 | Lead Programmer

- Hospital document archive and clinical analysis application featuring a high-performance 3D medical visualizer built using customized Three.js and WebGL.
- **Tech Stack:** Three.js, WebGL, C++, ASP.NET Core REST APIs, Angular, TypeScript.

5. Motelink Smart Hotel Automation (tecneo.es) — Jan 2019 – Mar 2019 | Co-Lead Developer

- Smart hospitality management suite with real-time IoT telemetry and control of smart doors, lighting, and environmental controls across hotel floors.
- **Tech Stack:** Azure IoT Hub, ASP.NET Web API, Angular, SQL Server.

6. Geminys4 – Metro Madrid (metromadrid.es) — Aug 2018 – Dec 2018 | Lead Developer

- Internal workflow, operations, and scheduling platform for Metro Madrid, delivered one month ahead of contract deadline.
- **Tech Stack:** ASP.NET MVC, C#, SQL Server, jQuery.

7. Navotar Fleet Management Suite (navotar.com) — Aug 2015 – Feb 2018 | Mobile Lead & Senior Developer

- Global cloud vehicle rental SaaS with web portal and mobile app suite; conceptualized Navotar Mobile and spearheaded integrations that brought Grab Taxi.
- **Tech Stack:** ASP.NET Web API, AngularJS, Apache Cordova, OWIN OAuth, SQL Server.

Earlier Career & Academic Projects: ISO Standard Monitoring App (Azure CI/CD & SonarQube, 2020); UVE Chat & Cart (Ionic/iOS/Android, 2020); Ortomed Dental Diagnose Suite (2019); Geseme SignalR Hub (2018); Belegin Mobile (2015); Cloud4s Secure Cloud Store (2014); Vireo Vehicle App (2014); Bitmap Indexing Scheme (2014); InteractiveTel & Screen Scraper (2013); Path Following Robot (2011).

TECHNICAL & PROFESSIONAL SKILLS MATRIX

Comprehensive Proficiencies

Backend & Cloud:	ASP.NET Core, ASP.NET MVC, ASP.NET Web API, Entity Framework, Microservices, SignalR, Blazor, RESTful API Design
Languages:	C#, TypeScript, JavaScript, Python, SQL / T-SQL, HTML5, CSS3 / SCSS / LESS, C++
Frontend & 3D:	React.js, Redux, Angular, AngularJS, Three.js, WebGL, Material-UI, Tailwind CSS, Bootstrap, jQuery
Mobile Dev:	Capacitor, Ionic Framework, Apache Cordova, Xamarin; Production iOS (App Store) & Android (Google Play) release management
Cloud & DevOps:	Microsoft Azure (App Services, Service Bus, IoT Hub, DevOps), Docker, CI/CD Pipelines, SonarQube, Firebase, Cloudflare
AI & Climate Tech:	Google Gemini API, LLM Agentic Workflows, Applied GenAI, SISEPUEDE Climate Engine, Nationally Determined Contributions (NDC)
Data & Security:	Microsoft SQL Server, Cloud Firestore, PostgreSQL, Information Security Governance, Cybersecurity Architecture, Data Governance, IT Audit
Executive & Method:	Technical Strategy & Roadmapping, Agile / Scrum / Kanban, Test-Driven Development (TDD), Code Review Governance, Team Mentorship
